...ndace
... a pro-
...me director
... in the National
... Science
... Foundation's
... Division of Ocean
... Sciences.

This research shows that subduc-
zones move far more water into
s deep interior, many miles
w the surface than previously
ght," added Candace Major, a pro-
me director in the National
ce Foundation's Division of Ocean
ces.
or the study, published in the jour-
ature, the team listened to more

...pper mantle along the fault
... that lace the area where plates
... slide and bend. Then it gets trapped.
Under certain temperature and
pressure conditions, chemical reactions
force the water into a non-liquid form
as hydrous minerals -- wet rocks --
lock the water into the rock in the geo-
logic plate.
Then, the plate continues to crawl
ever deeper into the Earth's mantle,
bringing the water along with it.
The seismic images show that the
area of hydrated rock at the Mariana
Trench extends almost 20 miles or
32.2 km beneath the seafloor, the study
showed.

For the Mariana Trench region
alone, four times more water subducts
than previously calculated. These fea-
tures can be extrapolated to predict
the conditions under other ocean
trenches worldwide.
Scientists believe that most of the
water that goes down at the trench
comes back from the Earth into the
atmosphere as water vapour when vol-
canoes erupt hundreds of miles away.
But with the revised estimates of
water, the amount of water going into
the earth seems to greatly exceed the
amount of water coming out, the
researchers noted.

AFTER ...NT TO GET HIGH

... 19 year olds, studies show.
People in rehabilitation cen-
tres or prisons were more
likely to abuse household
products, the report added,
meaning there could be a
greater risk of cardiac
deaths in these environ-
ments.
The medics warned that
young people with a history
of drug abuse were at partic-
ularly high risk of harming
themselves this way because

... many common household
items can be used.
The main toxic substance
in deodorant spray inhala-
tion is butane," the medics
explained. It is often used in
sprayable household prod-
ucts and has a similar effect
to alcohol.
Other health effects of
inhalants included liver and
kidney damage, hearing loss,
delayed behavioural develop-
ment and brain damage.

NOTICE

NOTICE is hereby given that Share Certificate No.4150 for 175 share(s) bearing distinctive nos. 715656-715830 (both inclusive) of CREOLE HOLDINGS COMPANY LIMITED, registered office address: Plot no.101/102,M.I.D.C.,19th Street,Satpur,Nasik-422007,Maharashtra, Folio no.AC4150 registered in the name of Amit Sharma has/have been lost.
I have now applied to the Company for issue of duplicate share certificate(s) in lieu of the above. Any person having any objection to the issue of duplicate share certificate(s) in lieu of said original share certificate(s), is requested to lodge his/her objection thereto with the Company in writing, within 15 days from the date of publication of this Notice.
